

In-Line Inspection Field Technician – Trainee

Cypress In-Line Inspection, LLC (“Cypress”) is a young technology company providing in-line pipeline inspection services to the municipal water and energy industries. We have a very talented team of industry veterans including mechanical, electrical, software, signal processing engineers that work closely with our field technicians. Our ultra-high resolution fifth generation (“5G”) **EcoVision™** ILI tools offer best in class Magnetic Flux Leakage (“MFL”) technology. We work for some of the most prestigious municipal water authorities and energy pipeline companies in the world including but not limited to the City of Denver, City of San Francisco, Jordan Valley, North Jersey Water Supply Commission, Washington County Water, City of Denver; and energy companies like Bridger, Chevron, Epic, Dominion/Enbridge, DCP Midstream, Marathon, Phillips 66, Targa Midstream, Lower Valley Energy, United States Air Force, Williams Companies, etc. We also have next generation proprietary **EcoView™** data analysis software that allows us to provide our customers with high quality reporting. Our fleet of tools range from 6” to 14” currently, and we continue to expand our fleet.

Overview

We are seeking a Trainee to become an In-line Inspection Tool Operator to join our growing team. This position requires extensive travel in both the United States, and occasionally internationally.
